Dear Ms. Hulme:

This will acknowledge your letter to Chief Justice Wilson regarding the status of a 2017 complaint sent to this Court by Spectrum Institute. I have been asked to respond.

At the time the complaint was received, the Court reviewed and considered the submitted materials regarding guardianship proceedings in Missouri. The Court became aware of proposed legislation that, if enacted, would significantly modify guardianship proceedings in the state and would address several of the concerns Spectrum Institute identified. In light of that legislation's subsequent adoption, the Court determined no action should be taken while the probate divisions worked to implement the new legislation.

The Court appreciates your interest in guardianship proceedings within the state and remains open to receiving any additional materials for consideration on the subject.

Very truly yours,
